SUMMARY RECOMMENDATION ON THE THESIS/EXEGESIS

After examination of the above dissertation (and support papers, if any), I recommend that:

(A)	Award	The thesis/exegesis be accepted as satisfactory and the candidate awarded the degree.	
(B)	Award with revisions	The thesis/exegesis be accepted as satisfactory and the candidate awarded the degree, subject to revisions as listed being made by the candidate to the satisfaction of the Chairperson of the examination panel.	
(C)	Revise and resubmit for external examination	The thesis/exegesis in its present form is not satisfactory and further work as described in the examiner's report is required. The revised thesis should be subject to re-examination.	
(D)	Non-Award	The thesis/exegesis does not merit the award of the degree and does not demonstrate sufficient merit to warrant resubmission. The thesis be rejected and the degree not awarded.	
(E)	[For doctoral examinations only] Non-Award doctoral, award master	The candidate be admitted to the award for an appropriate alternative degree at the Master level (with revisions as listed being made by the candidate to the satisfaction of the Chairperson of the examination panel).
